

Flexible Fuel Vehicle Identification

Meets NATEF Task: (A8-A-3)

Research applicable vehicle and service information. (P-1)

Name _____ Date _____ Time on Task _____

Make/Model/Year _____ VIN _____ Evaluation: 4 3 2 1

Many vehicles are manufactured that are capable of operating on fuels other than, or in addition to, regular gasoline. Check service information and determine where it is stated on the vehicle if it is capable of using a fuel other than gasoline and what fuel(s) it is capable of using. Select one vehicle model from each major manufacturer.

Manufacturer	Model	Year	Location of Information	Fuel(s)
General Motors				
Chrysler				
Honda				
Toyota				
Nissan				
Hyundai				
Kia				
Other				
Other
