

# Caliper Mounting and Slide

**Meets NATEF Task:** (A5-D-2) Clean and inspect caliper mounting and slides/pins for operation, wear, and damage; determine necessary action. (P-1)

Name \_\_\_\_\_ Date \_\_\_\_\_ Time on Task \_\_\_\_\_

Make/Model/Year \_\_\_\_\_ VIN \_\_\_\_\_ Evaluation: 4 3 2 1

\_\_\_\_\_ 1. Check service information for the specified cleaning and measurements for caliper slides and/or mounting points.

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_ 2. Remove the calipers from the steering knuckle assembly and describe the type of mounting (check all that apply):

- \_\_\_ Sliding-type caliper
- \_\_\_ Guide pin-mounted caliper
- \_\_\_ Fixed caliper

\_\_\_\_\_ 3. Inspect the mounting and slides for wear (describe):

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

OK \_\_\_ NOT OK \_\_\_

\_\_\_\_\_ 4. Based on the inspection and the vehicle manufacturer's recommended procedures, what is the necessary action?
