

Online Assignment

Chapter 55

Charging System Diagnosis and Service

Question 2

(Online) find two articles on Overrunning Alternator Pulleys (OAPs). (Below) list the purpose of an OAP. List how to determine if an OAP is faulty. List the difference between an OAP and an Overrunning Alternator Dampener (OAD). Be prepared for in-class discussion. List references.

This image shows a single sheet of white paper with horizontal blue or grey ruling lines. The lines are evenly spaced and run across the width of the page. There are approximately 20 lines visible. The paper has a slight shadow on its right side, suggesting it's resting on a surface.
