

Name \_\_\_\_\_

**MATCHING. Choose the item in column 2 that best matches each item in column 1.**

- |   |                      |           |
|---|----------------------|-----------|
| 1) Tool for bypassing a switch            | A) Digital meter     | 1) _____  |
| 2) Has a probe and small bulb             | B) $\Delta$          | 2) _____  |
| 3) Measures voltage on a computer circuit | C) CAT II            | 3) _____  |
| 4) Symbol for very small voltage          | D) Test light        | 4) _____  |
| 5) An electronic test light               | E) mV                | 5) _____  |
| 6) Meter symbol for ohms                  | F) Fused jumper wire | 6) _____  |
| 7) Clamps around a wire when measuring    | G) Inductive ammeter | 7) _____  |
| 8) Meter symbol for frequency             | H) Logic probe       | 8) _____  |
| 9) Black lead location                    | I) $\Omega$          | 9) _____  |
| 10) Hybrid vehicle meter                  | J) Analog meter      | 10) _____ |
|   | K) Hz                |           |
|   | L) COM               |           |
|   | M) CAT III           |           |

## Answer Key

Testname: AEE6\_MATCH9

1) F
