

Name _____

MULTIPLE CHOICE. Choose the one alternative that best completes the statement or answers the question.

- 1) A defective APP sensor will cause _____. 1) _____
A) Malfunction of the electronic throttle control
B) Malfunction of the cruise control system
C) Both A and B
D) Neither A nor B
- 2) A keyless remote start is not working. Technician A says the trunk of the vehicle may be open. Technician B says that the key fob may be too far away from the vehicle. Which technician is correct? 2) _____
A) Technician A only
B) Technician B only
C) Both technicians
D) Neither technician
- 3) Memory seats use _____ to store seat position information. 3) _____
A) The seat module
B) Vehicle BCM
C) APP
D) Foam
- 4) Most vehicles use _____ to control the actual operation of the wipers. 4) _____
A) Variable resistors
B) Changing the voltage to the brushes
C) The BCM
D) The changing the position of the brushes
- 5) Which of the following actions will deactivate cruise control operation? 5) _____
A) Applying accelerator pedal
B) Applying the brakes
C) Driving up a steep hill
D) Releasing accelerator pedal
- 6) Technician A says that the automatic reversal system operates by detecting the force needed to close the window. Technician B says that the child-proof lock switch position should be checked if there is a power window operation customer concern. Which technician is correct? 6) _____
A) Technician A only
B) Technician B only
C) Both technicians
D) Neither technician

- 7) Technician A says that the current flow through a rear-window defogger can be often self-regulating. Technician B says that as the temperature of the grid decreases, its resistance decreases, reducing current flow. Which technician is correct? 7) _____
- A) Technician A only
 - B) Technician B only
 - C) Both technicians
 - D) Neither technician
- 8) On a vehicle with adjustable pedals, both the _____ and the _____ are adjustable. 8) _____
- A) Accelerator pedal; brake pedal
 - B) Brake pedal; parking brake pedal
 - C) Accelerator pedal; horn switch
 - D) Brake pedal; foot rest
- 9) The temperature of heated seats is regulated by _____. 9) _____
- A) A seat cushion temperature sensor and seat module
 - B) Thick seat insulation
 - C) A heat sensor on top of the under-seat carpet
 - D) None of these
- 10) Some cruise control systems use what type of actuator? 10) _____
- A) Vacuum motor
 - B) Stepper motor
 - C) Either A or B
 - D) Neither A nor B
