

Name _____

MULTIPLE CHOICE. Choose the one alternative that best completes the statement or answers the question.

- 1) Technician A says that adjustable pedals move both the accelerator pedal and the brake pedal. Technician B says that only the brake pedal moves when adjusting the pedals. Which technician is correct? 1) _____
A) Technician A only
B) Technician B only
C) Both technicians
D) Neither technician
- 2) A typical 6-way power seat uses _____. 2) _____
A) 6-9 separate PM non-grounded electric motors
B) 1-3 motors (depending on manufacturer)
C) 6 separate grounded electric motors only
D) 2 electric motors and a 3-way direct acting transmission
- 3) Heated mirrors operation is usually tied into the _____ circuit. 3) _____
A) Heated seat
B) Headlight
C) Heated rear window
D) Heated steering wheel
- 4) The temperature of heated seats is regulated by _____. 4) _____
A) A seat cushion temperature sensor and seat module
B) Thick seat insulation
C) A heat sensor on top of the under-seat carpet
D) None of these
- 5) Memory seats use _____ to store seat position information. 5) _____
A) The seat module
B) Vehicle BCM
C) APP
D) Foam
- 6) A vehicle equipped with heated and cooled seats is in the shop for service. What special service may be required for the seats? 6) _____
A) Checking the heating/cooling element filter
B) Refilling the seat coolant fluid
C) Resetting the seat timer
D) Cleaning the Peltier elements
- 7) How is the panel of a sun roof opened and closed? 7) _____
A) With a reversable PM motor
B) By way of vacuum actuators
C) With a handle and cables
D) None of these

- 8) Power window systems use _____ motors. 8) _____
- A) Unidirectional
 - B) Reversible
 - C) Stepper
 - D) Servo
- 9) Technician A says that the current flow through a rear-window defogger can be often self-regulating. Technician B says that as the temperature of the grid decreases, its resistance decreases, reducing current flow. Which technician is correct? 9) _____
- A) Technician A only
 - B) Technician B only
 - C) Both technicians
 - D) Neither technician
- 10) Most vehicles use _____ to control the actual operation of the wipers. 10) _____
- A) Variable resistors
 - B) Changing the voltage to the brushes
 - C) The BCM
 - D) The changing the position of the brushes
