

Name \_\_\_\_\_

**MATCHING. Choose the item in column 2 that best matches each item in column 1.**

- |  |                         |           |
|--|-------------------------|-----------|
| 1) Uses inside air                       | A) Electric actuator    | 1) _____  |
| 2) Adjusts temperature                   | B) Plenum               | 2) _____  |
| 3) Selects air delivery vent             | C) Cable system         | 3) _____  |
| 4) Controls AC compressor                | D) Relay                | 4) _____  |
| 5) Contains air control doors            | E) Recirculation        | 5) _____  |
| 6) Allows left/right temperature control | F) Snowflake button     | 6) _____  |
| 7) Controls blower speed                 | G) Vacuum motor         | 7) _____  |
| 8) Blower circuit component              | H) Dual-zone system     | 8) _____  |
| 9) Provides feedback to controller       | I) Blend door           | 9) _____  |
| 10) No feedback to controller            | J) Resistor pack        | 10) _____ |
|  | K) Cabin filter housing |           |
|  | L) Mode door            |           |
|  | M) Vacuum actuator      |           |
