

Name _____

MULTIPLE CHOICE. Choose the one alternative that best completes the statement or answers the question.

1) What is the technician doing in this illustration?

1) _____

- A) Hold down spring removal/replacement
- B) Shoe return spring adjustment
- C) Shoe clearance adjustment
- D) Unbolting the shoe retainer

2) Technician A says that most experts recommend replacing all drum brake hardware, including the springs, every time the brake linings are replaced. Technician B says that the starwheel adjuster must be cleaned and lubricated to assure proper operation. Which technician is correct?

2) _____

- A) Technician A only
- B) Technician B only
- C) Both technicians A and B
- D) Neither technician A nor B

3) A frozen adjuster can cause a low brake pedal.

3) _____

- A) True
- B) False

4) Dry backing plate pads can cause the brakes to squeak.

4) _____

- A) True
- B) False

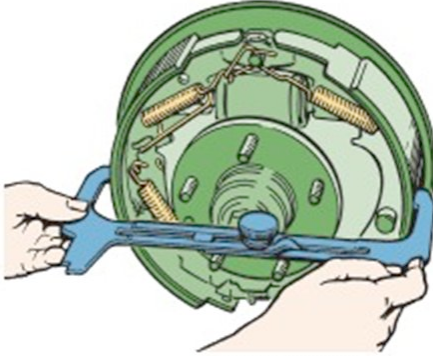

5) Technician A says to use synthetic grease to lubricate the backing plate. Technician B says to use special lithium-based brake grease to lubricate the backing plate. Which technician is correct?

5) _____

- A) Technician A only
- B) Technician B only
- C) Both technicians A and B
- D) Neither technician A nor B

- 6) The backing plate should be replaced if the shoe contact areas (pads or ledges) are worn more than _____. 6) _____
- A) 1/2 in. (13 mm)
 - B) 1/4 in. (7 mm)
 - C) 1/8 in. (4 mm)
 - D) 1/16 in. (2 mm)

- 7) What is the technician checking in this illustration? 7) _____

- A) Shoe diameter
 - B) Shoe-to-backing plate clearance
 - C) Shoe-to-drum clearance
 - D) Shoe conicity
- 8) After assembling a drum brake, it is discovered that the brake drum will not fit over the new brake shoes. Technician A says that the parking brake cable may not have been fully released. Technician B says to check to see if both shoes are contacting the anchor pin. Which technician is correct? 8) _____
- A) Technician A only
 - B) Technician B only
 - C) Both technicians A and B
 - D) Neither technician A nor B
- 9) Technician A says to use masking tape temporarily over the lining material to help prevent getting grease on the lining. Technician B says that grease on the brake lining can cause the brakes to grab. Which technician is correct? 9) _____
- A) Technician A only
 - B) Technician B only
 - C) Both technicians A and B
 - D) Neither technician A nor B
- 10) Today, most wheel cylinders are rebuilt, rather than replaced. 10) _____
- A) True
 - B) False
