| D) Internal clips 3. A bolt that is threaded into a casting is often called a A) stud B) cap screw C) block bolt D) crest bolt 4. All of these are types of snap rings EXCEPT A) external B) internal C) E-clip D) All of these are snap rings | |
| 3. A bolt that is threaded into a casting is often called a 3 | |
| A) stud B) cap screw C) block bolt D) crest bolt 4. All of these are types of snap rings EXCEPT A) external B) internal C) E-clip D) All of these are snap rings | |
| B) cap screw C) block bolt D) crest bolt 4. All of these are types of snap rings EXCEPT A) external B) internal C) E-clip D) All of these are snap rings | |
| C) block bolt D) crest bolt 4. All of these are types of snap rings EXCEPT A) external B) internal C) E-clip D) All of these are snap rings | |
| D) crest bolt 4. All of these are types of snap rings EXCEPT A) external B) internal C) E-clip D) All of these are snap rings | |
| 4. All of these are types of snap rings EXCEPT A) external B) internal C) E-clip D) All of these are snap rings | |
| A) externalB) internalC) E-clipD) All of these are snap rings | |
| B) internal C) E-clip D) All of these are snap rings | |
| C) E-clip D) All of these are snap rings | |
| D) All of these are snap rings | |
| | |
| 5. Hardware store nongraded bolts are suitable for use on suspension components. 5. | |
| ······································ | |
| A) True | |
| B) False | |
| 6. Which type nut is used with a cotter pin?6. | |
| A) Nylon ring nut | |
| B) Castle nut | |
| C) Both A and B | |
| D) Neither A nor B | |
| 7. Metric nut strength is indicated by 7. | |
| A) dimples | |
| B) lines | |
| C) Both A and B | |
| D) Neither A nor B | |
| 8. A screw that can make its own threads when installed is called a screw. 8. | |
| A) sheet metal | |
| B) tapered | |
| C) self-tapping | |
| D) Both A and C | |

9. Technician A says that a drill is usually needed to remove a rivet. Technician B says that the most
 9. _____
 common rivet is a pop rivet. Which technician is correct?

10. _____

- A) Technician A only
- B) Technician B only
- C) Both technicians A and B
- D) Neither technician A nor B

10. Which of these is used to clean threads of a bolt to be reused?

- A) Tap
- B) Die
- C) Thread chaser
- D) None of these

Answer Key Testname: ENGINES 10 4B

- 1. A
