

Online Assignment

Chapter 63

Heating and Air-Conditioning Components and Operation

Question 2

(Online) find two articles about why HFC-134a (R-134a) refrigerant replaced CFC-12 (R-12). (Below) list why HFC-134a replaced CHC-12. List the environmental impacts of CFC-12 and why HFC-134a is better for the environment. Be prepared for in-class discussion. List references.

[illegible]
