

## **Gasoline Direct Injection Identification**

Page 250

Meets ASE Task: (A8-D-1) P-1 Identify fuel, air induction, and exhaust system components and configurations.

| Name:   | Date: | Time on Task: |
|---|-------|---------------|
| Make/Model/Year:  | VIN:  |               |
| Evaluation (Enter number from 4, 3, 2, 1):  |       |               |
| Check service information to determine if the vehicle being serviced is equipped with gasoline direct injection. (check all that apply) |       |               |
| Gasoline direct injection only  |       |               |
| Port and gasoline direct injection sys  | stem  |               |
| 2. List the specifications as found in service information.   |       |               |
| a. Lift pump pressure =   |       |               |
| b. Lift pump volume =   |       |               |
| c. High-pressure system pressure =  |       |               |
| d. Fuel injector resistance =   |       |               |
| e. Other (describe)   |       |               |
| <b>3.</b> What is the specified maintenance procedures required (if any)? Describe:   |       |               |
| · <del></del>   |       |               |
| ·   |       |               |
