

Name _____

MATCHING. Choose the item in column 2 that best matches each item in column 1.

- | | | |
|------------------------------|----------------------------|-----------|
| 1) Early ignition component | A) Foil sensor | 1) _____ |
| 2) 1970s ignition component | B) Spark plugs | 2) _____ |
| 3) Produces high voltage | C) Battery | 3) _____ |
| 4) Connected to module | D) Waste spark system | 4) _____ |
| 5) Part of primary circuit | E) Reluctor | 5) _____ |
| 6) Part of secondary circuit | F) Coil secondary windings | 6) _____ |
| 7) A type of crank sensor | G) Pickup coil | 7) _____ |
| 8) Coil fires two plugs | H) Magnetic sensor | 8) _____ |
| 9) Causes timing retard | I) Coil primary windings | 9) _____ |
| 10) Coil fires a single plug | J) Contact points | 10) _____ |
| | K) Knock sensor | |
| | L) COP system | |
