

Name \_\_\_\_\_

**MATCHING. Choose the item in column 2 that best matches each item in column 1.**

- |                               |   |           |
|-------------------------------|---|-----------|
| 1) Opens the throttle         | A) Closed   | 1) _____  |
| 2) Throttle pedal replacement |  | 2) _____  |
| 3) Default throttle position  | B)  | 3) _____  |
| 4) TP sensor voltage          | C) Fail-safe mode   | 4) _____  |
| 5) Dirty throttle body        | D) Idle relearn   | 5) _____  |
| 6) Post-cleaning procedure    |  | 6) _____  |
| 7) Engine speed limited       | E)  | 7) _____  |
| 8) ETC warning indicator      | F) APP sensor   | 8) _____  |
| 9) ETC motor drive control    | G) PWM signal   | 9) _____  |
| 10) Servomotor voltage        | H) TP signal  | 10) _____ |
|                               | I) 16 to 20 percent open  |           |
|                               | J) 12 volts   |           |
|                               | K) Servomotor   |           |
|                               | L) Engine stalling  |           |
|                               | M) 5 volts  |           |
