

Name _____

MULTIPLE CHOICE. Choose the one alternative that best completes the statement or answers the question.

- 1) Any time a suspension component is replaced or adjusted, wheel alignment should be checked. 1) _____
A) True
B) False

- 2) Vehicle ride height should be checked and corrected before performing a wheel alignment. 2) _____
A) True
B) False

- 3) Technician A says that dragging brakes are often discovered when mounting the alignment sensors on the wheels. Technician B says that dragging brakes on one side of the vehicle will cause a pull. Which technician is correct? 3) _____
A) Technician A only
B) Technician B only
C) Both technicians
D) Neither technician

- 4) Technician A says that, as wear occurs, camber usually becomes negative. Technician B says that, as steering linkage wear occurs, toe usually becomes toe-out from an original toe-in specification. Which technician is correct? 4) _____
A) Technician A only
B) Technician B only
C) Both technicians
D) Neither technician

- 5) Which angle is largest? 5) _____
A) 0.55 degrees
B) 1/4 degree
C) 45 minutes
D) 1/2 degree

- 6) Strut rods, if they are adjustable, can be used to adjust which angle? 6) _____
A) Toe
B) Camber
C) Caster
D) Toe-out on turns

- 7) Technician A says that TOOT is the last adjustment made in a four wheel alignment. Technician B says that TOOT is a diagnostic angle that is not adjusted in a typical alignment. Which technician is correct? 7) _____
A) Technician A only
B) Technician B only
C) Both technicians
D) Neither technician

- 8) Cross camber and cross caster should be within 1/2 degree from one side to the other. 8) _____
A) True
B) False
- 9) If metal shims are used for alignment adjustment in the front, they adjust _____. 9) _____
A) camber
B) caster
C) toe
D) both A and B
- 10) Technician A says that the front toe determines the thrust angle. Technician B says that a tolerance adjustment involves removing and reinstalling subframe bolts. Which technician is correct? 10) _____
A) Technician A only
B) Technician B only
C) Both technicians
D) Neither technician
